3. Scoring Methodology

TOTAL SCORE FORMULA:

Return(40%) + Risk(30%) + SmartMoney(20%) - Cost(10%)

Components:

- Relative Return (40%): 1-year annualized return rate
- Risk Resilience (30%): Volatility (252-day) + Maximum Drawdown
- Smart Money Flow (20%): Investor count vs AUM divergence analysis
- Management Cost Impact (10%): Management fee penalty
- Diversification: Pearson correlation > 0.80 filtered out

Restrictions:

- IDH: Non-BIST 100 Equity Fund (monitoring mode)
- FEI/FEB: Government contribution funds (outside optimization)
